I ♥ slush

I LUV SLUSH FAST FREEZE

For all things coffee and then some

I LUV SLUSH FAST FREEZE

I Luv Slush Fast Freeze is a multifunction slush machine with performance unique in its sector. It allows you to produce and dispense products such as slush, cream, yogurt, sherbets and alcohol-based products, significantly reducing waiting time with low energy consumption.

Thanks to an exclusive design that uses a very high-performance cooling system, I Luv Slush Fast Freeze is the fastest slush machine on the market with amazing performance even in conditions of extreme temperature.

Available in versions with one, two or three 10-liter tanks.

COLOURS

- **Electromechanical system** which makes the machine reliable at any temperature
- **Waiting times reduced** to the minimum even in extreme conditions
- **Low power consumption** thanks to the chosen design
- **Patented LED lighting system** in the back of the tank that highlights the product and illuminates the cover
- Opportunity to customize the front panels thanks to the presence of a transparent panel which allows the insertion and **replacement of the custom artwork** at any time
- Opportunity to fill the tanks quickly thanks to the **absence of electric wires** in the cover
- Protection of the switches through the **side door**
- **Night-mode operation** which allows storage of the product with very low energy consumption
- **Easy** to use, clean and maintain
- Opportunity for aesthetic and technical **customization**
- The machine has various **approvals**, among which: CEE, NSF, UL, CSA, GHOST, SASO
  Optional: Version with auto-fill
